- Apply responsive design practices where appropriate.
- Collaborate with account managers and your team as necessary.
- Apply retail advertising design principles as appropriate.

A Culture to Grow with...:

- You'll be a member of our awesomely creative Design Team.
- You'll facilitate client needs through our Client Team.
- You'll be making a difference for families every day.
- Full-time w2 employee 100% telecommute position.
- No more traffic, pain at the pump, or water cooler politics.
- Salary based on ability and experience.
- Pay increases, bonuses, and profit sharing based on performance.
- Generous holiday/vacation pay.
- Investment account 3% company match.
- \$500 annual personal improvement benefit. (ie. fitness center, guitar lessons, ?).
- Provided computer, software, and tools to compliment your abilities.
- A productive and rewarding working environment.

*Position only available to potential team mates currently residing in the United States of America or Canada.*

What we're Looking for...

- Proficient in Adobe Photoshop, Fireworks, Illustrator, and Dreamweaver.
- Efficient with principles of design, HTML, and CSS.
- Ability to maintain and create clean, semantic web page layouts that do not require tables.
- Knowledge browser/device compatibility and cross-browser issues/challenges.
- Familiarity with current web design trends and techniques.
- Create or obtain graphics for website, such as icons, user interface elements, and photographs.

- Team player with at least 1 year of serious experience designing and developing modern public-facing websites.
- Strong understanding of site structure, navigation, UX principles, wireframes, and user flow.
- Desire and ability to learn new things, accept feedback, and grow in your design capabilities.
- An impressive portfolio including original concepts and hands-on design.
- Understand javascript and JQuery to make reasonable updates and changes.

### About the Company

You'll find we are passionate about helping our clients, innovative with product/service offerings, and technologically progressive. Serving the recreational vehicle industry since 2001, privately held, no debt, and profitable with 15+ professional employees all telecommuting. Each day you'll use chat, screen-sharing, phone, and an intranet web app that efficiently manages activities, projects, feedback, clients, and work history.

If you have the talent and confidence in your abilities ... send us your resume to [newteammate@interactrv.com](mailto:newteammate@interactrv.com) along with a brief note explaining why you're interested in joining the InteractRV team, what value you bring to us, and any references to articles, blog posts, websites, portfolio, or social profiles you have is a plus.
