

# Graphic Web Designer - Remote Telecommute

**Do you have a heart for serving? Do you strive to do things the right way? Do you consistently learn and reinvent yourself? Do you thrive independently and still play well with others? If your answers are yes, then keep reading...**

We are looking for an experienced Website Graphic Designer to join our team and delight our clients with awesome website design and online creative. You will help maintain and extend our existing products as well as create new sites.

Your personality and character ...

- Have an optimistic attitude about life.
- Enjoy producing independently and also contributing as a teammate.
- Desire to learn new things, accept feedback, and grow in your capabilities.
- Be determined to achieve success with integrity.

What you will be doing ...

- Create graphic designs and online creative that thrill clients.
- Update existing websites and ad campaign graphics as needed.
- Apply responsive design practices where appropriate.
- Collaborate with account managers and your team as necessary.
- Apply retail digital advertising design principles as appropriate.
- Present opportunities/strategies that create visible value to clients.

A culture to growth with...

- You'll be joining our talented Design Team.
- Full-time w2 employee 100% telecommute position.
- No more traffic or water cooler politics.
- Salary based on ability and experience.
- Pay increases, bonuses, and profit sharing based on performance.
- Generous holiday/vacation pay.
- Investment account 3% company match.
- \$500 annual personal improvement benefit. (ie. fitness classes, guitar lessons, etc..).
- Provided computer, software, and tools to complement your abilities.
- A productive and rewarding working environment.

What we are looking for...

- Proficient in Adobe Photoshop and Illustrator.
- Efficient with principles of design, especially for online advertising (PPC), emails, and optimized website graphics.
- Mastery of HTML and CSS, and ability to make website edits and construct HTML emails.
- Familiar with current web design trends and techniques, especially responsive design.
- Ability to create or obtain graphics for websites and ads, such as icons, user interface elements, and photographs.
- Team player with at least 1 year of serious experience designing graphics for websites and/or online advertising.
- Desire and ability to communicate with teammates, learn new things, accept feedback, and grow in your design capabilities.
- An impressive portfolio including original concepts and designs.
- Understanding of Javascript and JQuery fundamentals are definite plusses, but not required.

Familiarity with the RV Industry may help, but we are looking for a great attitude and solid graphic design comprehension. If you've got it ... apply!

*Position only available to applicants residing in or relocating to the states of Alabama, Arkansas, Florida, Indiana, Kentucky, Pennsylvania, Michigan, Tennessee, Texas, Virginia, or Wisconsin. Contractor status may be considered for the right candidate residing anywhere in the USA or Canada. Applicants must be authorized to work in the United States.*

## How To Apply...

If you have the talent and confidence in your abilities ... and if telecommute / work from anywhere fits your personality ... **send your resume** to [admin@interactrv.com](mailto:admin@interactrv.com) along **with a brief note** explaining why you're interested in joining the InteractRV team. Any references to portfolio, websites, or design libraries you have is a plus.

## About Us...

InteractRV has been serving the recreational vehicle industry since 2001. Privately held, no debt, and profitable with 25+ professional employees all working remotely. Positioned in our industry as the premier partner provider of web technologies, digital marketing success, and Internet business development; we are passionate about helping our clients, innovative with product/service offerings, and technologically progressive.

Working remotely or telecommuting is in our DNA, it's how we've done business since day one. Over time we've put tools and processes in place and developed an environment to help us work independently yet thrive together as a team.
